Agent Access Mobile App

You're on the go and need to provide a quote for one client, check the status of another client's application, and send documents to underwriting. Sounds like you'll at least need a Wi-Fi hotspot and a laptop, right? Not anymore.

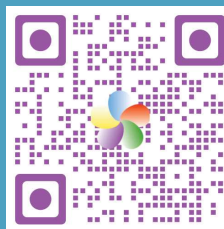

With the Royal Neighbors Agent Access Mobile app, you can...

- ✓ Obtain life insurance quotes (including riders)
- ✓ Email quotes to yourself or your clients, along with the selected rider disclosures
- ✓ Review new and pending business
- ✓ Securely send required documents to underwriting by simply snapping a photo using your device's camera
- ✓ View life insurance Product Profiles and current credited annuity interest rates
- ✓ Contact our sales support areas, or start a phone interview directly from the app
